

MUNICIPALITY OF SAN VITO AL TAGLIAMENTO

The square, set between the Raimonda and Scaramuccia towers and embellished by the frescoes of the elegant residences that overlook this drawing room of the city, is the beating heart of this community still girded by the old moat. The peasant culture, typical of the whole Province, brings its history to life in the museum contained within the elegant Palazzo Altan. In the first week of June the Piazza del Popolo is transformed into a large flower garden.
