

MUNICIPALITY OF BRUGNERA

The most beautiful monument in this community is dedicated to nature: the park of Villa Varda, that from time to time is dressed in the hot colours of autumn and the sparkling spring colours, presents excitement and great romanticism along its avenues flanked by rare trees. In this area of Friuli beats the heart of the Furniture cluster, production centre of national importance, with the many businesses that arose almost spontaneously in the second half of the 1900s.
