

MUNICIPALITY OF CASTELNOVO DEL FRIULI

It is the village without a name. In this area there is not a built-up area of Castelnovo, but an area consisting of around forty hamlets, among which is Praforte – abandoned more than thirty years ago - and Almadis, reachable after having crossed an ancient stone bridge. The land does not lack vines, present as native stock. Symbol of the "ghost community" is the church of San Nicolò, whose sunlit facade is visible from many kilometres away.
