

MUNICIPALITY OF FRISANCO

It has the form of a small antique crib, but at Christmas in Poffabro on the window sills, in the houses and streets there is hosted a great many of these creations from the skilled hands of its residents. This characteristic, together with the simplicity of their housing in bare pebbles and wood, make the hamlet one of the thousand most beautiful hamlets of Italy, embellished by the stupendous framework of mountains and uncontaminated nature. Of singular interest is the museum with miniature valley buildings in the "Da lì mans di Carlin" exhibition.
