

MUNICIPALITY OF PINZANO AL TAGLIAMENTO

Art and nature are the two elements that attract tourists to this community bordering the nearby Province of Udine. The intense activity carried out in the 1500s by Il Pordenone can still be admired in all its splendour in the various masterpieces, among which is the celebrated Nativity in the church of Santa Maria dei Battuti in Valeriano. And then the wood, the last strip of the large forest of the Pordenone plain, which with its colours it beats time with the rhythm of the seasons.
